Community Links Bromley recognises the positive value of diversity, promotes equality and challenges discrimination and we welcome and encourage applications from people of diverse backgrounds and identities.

We are also committed to enabling team members to work in an agile, more flexible way, recognising that this will lead to more effective and efficient ways of working.

Director of Voluntary Sector Engagement and Partnership (SE London Integrated Care Partnership)

An exciting opportunity has arisen to lead voluntary sector engagement as part of the new South-East London Integrated Care Partnership.

As Director, your role will be to ensure that the Integrated Care System (ICS) engages effectively with the voluntary, community and social enterprise (VCSE) sector so that the health and social care system incorporates the voluntary sector in its cross-borough work at a South-East London level.

The post holder will represent and provide voice and advocacy for the sector on the Integrated Care Partnership (ICP) and on cross-borough work. This role will be pivotal in ensuring that the wider VCSE reaches its potential as a key strategic influencer and delivery partner within the ICS.

The post holder will lead and co-ordinate VCSE engagement activity within emerging thematic cross-borough workstreams. You will also coordinate the voice of VCSE and ensure that the voice of large and small organisations is heard at a South-East London level when developing policy and services. This is broader than health and care provider organisations, and will include advice networks, advocacy groups. The post holder will take an inclusive approach, with a particular focus on ensuring SME and BME organisations have a voice.

The engagement within the ICP aims to ensure that our local VCSE supports identification of local health and wellbeing priorities and plays a full part in decision-making.

The post holder will also facilitate, chair and report to the planned VSCE Alliance to operate effectively as the umbrella body for the six place-level VCSE Leadership Groups.

This role will involve developing strong working relationships with system partners, working in partnership to understand local needs, seek out opportunities to improve services for local people, improve health and wellbeing and reduce health inequalities across South-East London. If you are passionate, highly motivated, a strategic thinker and experienced in

partnership working, then this is a great opportunity to make a difference to the sector and to health outcomes for local people.

The closing date for this vacancy is 5pm Monday 25 July 2022.

Interviews and a sector engagement event are anticipated for 10/11 August 2022.

For an informal discussion about this exciting opportunity please contact Christopher Evans, Chief Executive of Community Links Bromley on 0208 315 1903.
