Bromley Well Innovation Fund Round 2, Opening for applications 20th June 2022

Funding Opportunity: Bromley Well Innovation Fund June 2022

Bromley Council are pleased to announce the opening of another round of the Innovation fund focusing specifically on innovation to deliver day opportunities. Social isolation can affect many elderly people and especially post Covid many residents need support with interesting and meaningful activities and opportunities to access their local community and help improve their health and wellbeing.

Partners, already deliver a number of programmes and therefore we are seeking innovative, and creative new projects that have not been tried or tested previously. Premises to deliver activities can be available, and are located in Beckenham and Shortlands.

Are you a voluntary and community group or organisation who can help deliver these aims?

- Reducing social isolation and loneliness
- Helping people to improve their health and wellbeing
- Supporting carers
- Supporting young people (16+) as they transition into adulthood
- Promoting and supporting volunteering
- Providing day opportunities for vulnerable adults and older people.

The **Innovation Fund** is financed by Bromley Council and NHS South East London Clinical Commissioning Group and we are looking for innovative, and creative new projects that have not been tried or tested previously.

The proposed time line is as follows:
